Sparks' Explanation to Congress of His Orders.

Death of a Noted New York Broker-General News.

The Later Situation in Chicago.

CHICAGO, May 10.—All the railways resumed operations this morning and are accepting and caring for all freight offered without limit. The situation, however, as affecting freight handlers is still unsettled and has developed unexpected phases. The Baltimore & Ohio set men to work this morning, having conceded them an eight hours working day with nine hours pay. The victory was secured by negotiations.

A committee of the striking freight handlers of the Chicago & Northwestern railroad called upon the officials this morning and expressed a desire to return to work on the old basis. The reply was that new men filled the entire working quota of the company.

The Grand Trunk, Lake Shore and the Michigan Central, Illinois Central and Chicago & Alton took back all the old men. The Chicago & Atlantic and Louisville & New Albany refused to hire any old men.

All the men, dock and blind factories started up this morning on a basis of eight hours work and nine hours pay.

Supreme Court Proceedings.

WASHINGTON, May 10.—The supreme court of the United States has dismissed three more Utah polygamy cases for the want of jurisdiction, and has also recalled the mandate in the Canon polygamy case, set aside the former judgment and dismissed it for want of jurisdiction.

The court affirmed the judgment of the California courts in the California railroad tax cases. The court also decided the case of Wo Lee, appellant against the sheriff of San Francisco. The plaintiffs were convicted under an ordinance of the city and county of San Francisco prohibiting the carrying on of a laundry in a frame building, and were sentenced to prison. The supreme court holds the ordinance to be a discrimination against the Chinese, and is therefore illegal and in violation of the fourteenth amendment of the constitution. The decision of the lower court is reversed and the cases remanded with directions to discharge the prisoners.

To Uphold American Rights.

WASHINGTON, May 10.—In the senate today Dawes offered the following which was adopted: That the president be requested to communicate to the senate if not incompatible with public interests any information in the possession of the government concerning the alleged seizure of the United States fishing vessel, David J. Adams, while engaged in lawful commerce in one of the ports of the Dominion of Canada, and what measures if any had been taken to protect the fishing vessels of the United States while engaged in lawful commerce in the ports of the Dominion of Canada.

Also a resolution that the committee on foreign relations be instructed to inquire into the matter and report by bill or otherwise.

The Great Contest.

LONDON, May 10.—At the hour for the opening of the session of the house of commons the hall was crowded in every part and there were a large number of distinguished visitors from all countries present. When Gladstone arose he was received with loud cheers. On quiet being restored the premier moved a second reading of the home rule bill. He said he did not intend at present to ask the house to continue the debate on the bill from day to day.

The Ohio Legislature.

COLUMBUS, May 10.—In the Ohio senate this morning, Van Cleft (democrat) offered a motion for the correction of the journal, relative to the proceedings of Saturday in the matter of seating four republican members. The motion was ruled out of order, and the protest offered by Van Cleft against the proceedings of Saturday taken under advisement by the president.

Peace in Cincinnati.

CINCINNATI, May 10.—The situation here is decidedly more hopeful today. Under the shadow of a strong military force much of the wild fear that has hitherto led many doubtful workingmen to go with their fellows is gone. On every hand the indications are that the strike is growing less and less formidable every day.

The Greek Ministry Resigns.

ATHENS, May 10.—The Greek ministry has resigned. King George met the cabinet at noon today and accepted their resignations. The king immediately sent for Rikakis and commissioned him to form a new ministry.

Couldn't Bear It.

NEW YORK, May 10.—The failure of George F. Dickinson has just been announced on the floor of the stock exchange, caused by operations on the bear side of the market in railroad stocks. Liabilities only \$50,000.

A Prominent Broker Dead.

NEW YORK, May 10.—Charles F. Woerishoffer, one of the best known brokers of this city, died suddenly last night of apoplexy.

What Sparks Says.

WASHINGTON, May 10.—The commissioner of the general land office, in his response to the senate resolution calling for the number of special agents employed in his office and their duties says: That if the increased force recommended in his annual report be granted, the entries suspended by his order of April 8th, 1885, can all be investigated and disposed of in about a year and a half. A large proportion of these entries he thinks are fraudulent. The proportion of new cases that will require such investigation will be much less than in those previous to April 8th, 1885, since the order of suspension has had the effect to materially check the making or completion of fraudulent entries. It was the case with which frauds could be perpetrated under existing laws and the immunity offered by the heavy issuance of patents, he says, that encouraged the making of fictitious and fraudulent entries. The certainty of thorough investigation would restrain such practices, but great fraud must inevitably exist so long as the opportunity to commit fraud is preserved in the laws, and so long as it is hoped by the procurers and promoters of fraud that examinations may be impeded or suppressed.

Shooting in Denver.

DENVER, May 10.—An Elizabeth, Colorado, special to the News says: Bob Wright was shot and killed here today by a woman from Denver, whom he had seduced and who came here on this morning's train from Denver, accompanied by her brother. After her arrival she stopped into his place of business and asked him to marry her and upon his refusal to do so she fired three shots at him from a Colt's forty-five revolver, two balls taking effect in his head and one on his breast, killing him instantly. The woman claims to be the mother of his five weeks' old illegitimate child and says that Wright has often promised to marry her, but always failed to keep his promises, and she made up her mind to kill him if he refused again today. After the shooting she and her brother entered a carriage and drove to Kiowa, where the woman gave herself up to the officers. She refuses to give her name.

Investigating the Causes of the Strike.

ST. LOUIS, May 10.—The Curtin congressional sub-committee was in session about eight hours today, and took a large amount of evidence.

The first witness examined was Wm. Kerrigan, general superintendent of the Missouri Pacific system. Kerrigan gave a long and exhaustive statement of the strike from its commencement detailing acts of violence by the strikers at different points on the system, and referring to various grievances which have been claimed to exist since the strike began, but which were not claimed at the outset as the causes of the strike. Mr. Kerrigan estimated the loss to the employees of the road at \$1,000,000; to the railroad at \$2,000,000, and to the country at large at \$2,000,000 or \$3,000,000.

Several other officials of the road testified to various incidents which occurred during the strike, which would indicate that the determination of the strikers was far more desperate than was supposed by the people.

The Righteous District.

WASHINGTON, May 10.—In the house today an attempt was made to pass a bill to prohibit boot-making and pool selling in the District of Columbia. Mr. Compton of Maryland vigorously opposed action on the bill. In the absence of a large number "good fellows" who had gone to the races and whose sentiments was desired, it was postponed until the next district day in June.

The bill to punish publishers of advertisements of lotteries in the District of Columbia, was not called and after some time spent in an effort to secure a quorum it was passed and the house adjourned.

An Insane Woman's Bloody Deeds.

DENVER, May 1.—Mrs. W. J. Stramann attempted to murder her daughter in west Denver today and then shot and killed herself. Her mind is said to have been deranged by grief caused by the murder of her father in Cincinnati in December last and the death of her mother last month.

Shot in a Bag.

DENVER, May 10.—About 3 o'clock this morning Thomas Pomeroy was shot and fatally wounded in a disreputable negro dive on Holiday street. As yet the officers have been unsuccessful in finding the murderer, and Pomeroy refuses to give his name.

The War in Sonora.

TOMBSTONE, Ariz., May 10.—Advices from Fort Huachuca state that a report has been received there that the Mexican forces in an attack on Caliente's stronghold on the Yaqui river were repulsed with great loss.

A New Bank for Chicago.

CHICAGO, May 10.—The comptroller of the currency authorized the American Exchange national bank of Chicago, to begin business with a capital of \$1,000,000.

Housing Works Burned.

DENVER, May 10.—A Crested Butte special to the Republican reports the complete destruction by fire on Saturday night, of the Forest Queen shaft house and consequent loss. Loss, \$30,000; no insurance.

The Price of Sugar Stealing Away.

SAN FRANCISCO, May 10.—The American refinery today reduced the prices on all sugars another quarter of a cent, making the same prices as the California refinery.

The President Taking It Easy.

WASHINGTON, May 10.—The president returned tonight from his visit to Representative Booth's stock farm on Chesapeake Bay.

Nevada Cattle for Chicago.

SAN FRANCISCO, May 10.—A Reno, Nevada, special says: Twenty-two cars of fatted cattle left today for Chicago.

Sparks.

The cholera is spreading in Italy. The Yaqui war in Sonora is supposed to be at an end.

The Leadville base ball club beat the Denver by a score 10 to 17, on May 7. The base ball game at St. Louis on May 7 resulted: St. Louis, 0 Kansas City, 2.

George Young, negro, was hanged at Wausau, Texas, for the brutal murder of his wife.

The base ball game between the Chicago and Detroit on May 7 was won by the latter. Score, 4 to 5.

In Detroit everything in labor circles is quiet. Mr. Voight, brewer, conceded to the demands of his men and all went back to work.

General Miles is waging an active campaign against the Apaches, and says he will not stop until all the hostiles are killed or captured.

Edwin Stewart, son of Gen. E. A. Stewart, paymaster U. S. N., New York, was thrown from a horse on a ranch near Pueblo, Colo., and fatally injured.

A fire in Honolulu, S. I., destroyed sixty acres of buildings, and \$150,000 worth of property and left 8,000 people mostly Chinese homeless and destitute. Two persons were burned to death.

The second race between Myers and George for the running championship of America and England, was won by Myers the American. It was a three-quarter mile race, and Myers' time was 3 minutes, 15.5 seconds.

When aiding a drug store in Chicago during the recent riots some of the mob got hold of a bottle of carbolic acid and mistaking it for liquor, a number drank from the bottle. Result two dead three dying. Good enough.

NEW MEXICO DASHES.

Albuquerque citizens will celebrate Decoration day with appropriate ceremonies.

Dan Greer, of Socorro, who the Chief of Police says is "well known and popular," has gone to Alaska.

The rate of taxation necessary to pay the expenses of Silver City's government is but eleven mills.

Hon. Anthony Joseph has recommended A. S. Stevens, of Raton, N. M., to be postmaster at that place.

Neil Boyle, superintendent of Head & Hearst's Chance mine, Victoria, died several weeks ago in San Francisco.

Capt. W. H. Jack, of Capulin, having received his commission, is now acting as a commissioner for Colfax county.

G. P. Crawford, of busted bank fame, and Gustave Bailey have left Silver City for Idaho. Crawford goes to manage a mine in the Snake river country.

Stock in the Sheridan mine, Socorro county, is now selling at \$2.70 to \$3.00 per share, on which is the valuation of the mine, according to its capitalization, is \$900,000.

From reports there is now a strong probability that the miners in the coal beds at Biesburg, above Raton, will shortly go out on a strike. They now make the usual demand of more pay and less work.

Judge Anson S. Patten, died at Silver City on Tuesday last, in his 68th year. He was a highly respected citizen, and has been prominently identified with Grant county's advancement since settling there in 1880.

The Deming Headlight alleges that Colonel J. P. McGrorty, of that town, stands a good chance to receive the appointment of internal revenue collector for this territory and Arizona. He has been on a still hunt after the office for some time.

The mining interests of Grant county are rapidly increasing the importance of that county owing to the large amount of development being done and the splendid returns which are received from the shipments made to the various smelters and reduction works.

Chas. Etheridge returned from Las Vegas yesterday, and in an unguarded moment he stated that there were larger stacks of goods in that city than in Albuquerque. He will be able to resume duties at his insurance office tomorrow.—Albuquerque Journal.

The Territorial fair directors are rapidly getting things into shape to prepare the grandest exposition ever held in the southwest. They have received much encouragement from every quarter, and will make such a showing as will satisfy the greatest expectations of the people.
